

GOLD 6500

The airless system allows a high working speed and reduces the overspray, therefore paint and solvent saving. Less overspray means also less pollution and benefits for the worker's health!

GOLD 6500 is an airless electric diaphragm pump, medium power, designed for spraying all products used in building, mechanics, woodworkings, carpentry, etc.

This is a very strong and handy pump with a very easy maintenance. GOLD 6500 can work constantly also with hoses up to 100 mt long.

Construction specifications:

The electric motor GOLD 6500 is H class, that means: maximum quality and safety. It can work in very bad conditions and with very high temperature. An automatic system stops the pump when exceeding the electric safety limits. The head block is in stainless steel, the valves are in tungsten carbide. GOLD 6500 has been designed for an easy maintenance.

Technical Data:

- Motor:	Electric, singlephase
- Volt:	230 Volt/50 Hz
- Power:	2 HP
- Weight:	41 kg
- Max. Pressure:	220 bar
- Max. Tip.:	.041"
- Max. Delivery:	7,5 lt/min
- Max. Delivery with tip .041":	4,5 lt/min a 140 bar
