

BOXER 24

Serie **BOXER**
Double diaphragm pump

BOXER 24

BOXER 24 (24-MIX & 240) is a two-diaphragm pump, built to obtain high quality finishing! It's very easy and handy.

The two-diaphragm system allows to feed the spray gun without pulsation and keeps a constant atomisation.

Construction specifications:

BOXER 24 MIX is a pneumatic double diaphragm pump built-up to feed all types of air guns: volumetric, automatic, HLVP, etc.. On request, BOXER 24 MIX, can be supplied with hopper for a direct suction which assures a constant feed of the product to the gun. No lubrication and maintenance needed.

Performances:

- Light and handy
- No maintenance
- Very low air consumption
- No lubrication
- Recommended gun: T89
- Pneumatic mixer on request
- Parts in contact with product anti-acid and fireproofing treated

Available set-up:

Technical Data:

Motor		Pneumatic
Ratio		1:1
Max. Free Flow Delivery	ltr/min	24
Max. Working Pressure (bar)		8
Weight	kg.	5 (bare)
Air consumption	ltr/min	200-500
Max. suggested Viscosity (Centipoise)		400
