WIT BLACK "S"

WIT BLACK "S" is an airless diaphragm pump designed for the small industries and craftsmen.

WIT BLACK "S" is the ideal pump for small-medium works in building, for spraying lacquers, paints, for furnitures polishing, in carpentry and handicraft.

Construction specifications:

The electric motor WIT BLACK "S" is H class, that means: maximum quality and safety. It can work in very bad conditions and with very high temperature. An automatic system stops the pump when exceeding the electric safety limits. The head block is made of aluminium alloy (STAINLESS STEEL ON REQUEST), the valves in tungsten carbide. WIT BLACK "S" has been designed for an easy maintenance.

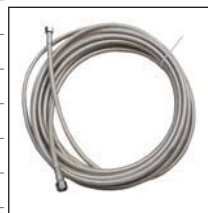

The airless system allows a high working speed and reduces the overspray, therefore paint and solvent saving. Less overspray means also less pollution and benefits for the worker's health!

Target Coatings:

Lacquer / varnish / enamel (low visc.)	■
Primer / latex / enamel (med. visc.)	■
2 component (med. visc.)	■
Low solvent & solvent free coatings (high visc.)	■
Insulation and high visc. build coatings	■
Fire-proofing coatings	■
Water-proofing coatings / bituminous coatings	■
Plasters / ready-mix gypsum	■
Resins / Injection's coatings	■

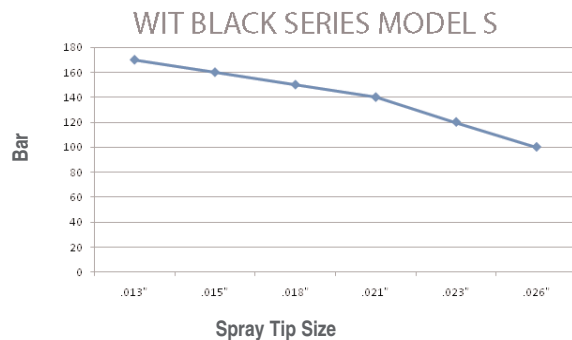

Technical Data:

Volt	230 Volt	
	50 Hz	
Power	1 HP	
Max. Free Flow Delivery	ltr/min	4,0
Max. Delivery with tip	ltr/min	2,5
Max. Spray Tip	1 Gun	0,021
	2 Guns	0,013
Max. Working Pressure (bar)	200	
Max. length HP hose mt.	60	
Max. length HP hose (elevation) mt.	60	
Weight	kg.	28
Max. suggested Viscosity (Centipoise)	160	

Suggested accessories
